PLAYBACK WING in Art-Net Mode (Standalone)

PLAYBACK WING Configured for Art-Net Mode

Note:

Art-Net direct control more typically used for dimmer control than intelligent lighting because of simplistic interface as compared to when using Art-Net mode to interface with other programs or consoles.

PLAYBACK WING for GrandMA

Note:

In Art-Net mode, Playback Wing's faders and buttons are mapped to any 50 channels user selects with Node Management Utility.

The resulting DMX Input for GrandMA onPC can trigger cues, master effects, and so forth.
