DIGIDIM Modular Panels

Introduction

The DIGIDIM Modular control panels are a fully DALI compatible range of user interfaces that allow basic adjustments to the system. The range includes pushbutton, rotary and slider controls in a range of panel finishes. Each panel is fitted with an indicator LED and an infrared receiver that gives the option of remote operation using the DIGIDIM hand held remote (303). The hand held remote also allows additional control of the system's functions and can be used as a programming device on simple systems.

Key Features

- Out of box operation, supplied pre-programmed.
- Easily re-configured and fully programmable
- Designed to fit both DIN and UK standard back boxes
- Double gang version can take up to 3 independent module types

Panel Finishes

The modular control panels are available in range finishes, which are shown below:

Satin White Plastic (200)

Polished Brass (201)

Stainless Steel (202)

Stainless Steel & Grey (203)

The modular panel concept allows every module type to be ordered in any of four available finishes, in either single or double gang formats.

① First Module
② Finish

example: 126 200

① First Module
② Second Module
③ Third Module
④ Finish

example: 100 111 121 200

Installation Notes

- All DIGIDIM Modular Panels use a data protocol which conforms to the DALI protocol.
- All cabling must be 230 V mains rated.

Control Modules

Rotary (100)

On/Off (121)

Single Slider (110)

Up/Down (122)

Double Slider (111)

4 Scene + Off (124)

Blank (150)

4 Scene, Off + Up/Down (125)

Infra-Red Module (170)

7 Scene + Off (126)

Programming Point (180)

Product Data Sheet

Panels

Technical Data

Connections

DALI: Standard DIGDIM removable connectors with paired terminals 0.5 mm² - 2.5 mm² stranded or solid core.

Power

DALI Supply Input: 13 - 22.5 V
DALI Consumption: 10 mA

Operating Conditions

Ambient Temperature: 10°C ... 35°C
Relative Humidity: 90% max, non-condensing
Storage Temperature: -10°... 70°C

Mechanical Data

Control Module: 35.4 mm Wide x 48.4 mm Height x 31.8 mm Deep
Module Weight: 41g with DALI connector
Complete Unit: 97g (ON/OFF module with satin white plastic plate)

Conformity & Standards

Emission: EN 55 015
EN 50081 1
Immunity: EN 61 547

Safety

Safety: EN 60 669-1-2000
IP Rating: 30
Isolation: 4 kV

Dimensions

Metal Plates

Plastic Plates

() = Double gang dimensions

Connections

Single Controller Installation
