

Littlite® History

Littlite® . . . the name is synonymous with high-quality gooseneck task lights. For over thirty years we have been producing, refining and improving our task light system to meet the needs of users all over the world.

Originally conceived as an accessory for sound and lighting consoles, the simple-yet-elegant Littlite products have become the standard work lamps of numerous industries and are found around the globe in film and television studios, radio stations, dance clubs, live venues, emergency vehicles, medical and assembly equipment.

Not only are we committed to providing the best product possible, we also strive to offer the best service and support in the industry. Littlite products rarely fail but if they do our Limited Lifetime Warranty ensures that you won't be in the dark for long. We do not make a disposable product and we are determined that the Littlite you buy today will be with you for years and years to come.

We do all of the good work with an eye towards environmentally friendly products and production processes. We strive to make thoughtful decisions regarding all aspects of our business in order to minimize the impact on our environment. Littlites do not contain lead or other hazardous substances and are fully ROHS compliant.

Today our goals are the same as they always have been; Produce the best professional, versatile, flexible, durable gooseneck task light system and back it up with superior customer service.

Littlite Lampsets

Littlite® Lampsets are the heart of our task light system. Surface mount lampsets shed light on any add-on or portable application.

Lampsets come complete with hardware for surface mounting and Snap Mount (SM) for easy, removable mounting or they can be coupled with one of our mounting accessories.

High and Low Intensity lampsets are available with 6, 12 or 18 inch gooseneck lengths and include a fully adjustable dimmer. 120 or 240-volt versions include a switching power supply with a 2.1mm connector.

| Models | Low Intensity 2.4 Watt Bulb | High Intensity 5 Watt Bulb | Gooseneck Position | Removable Mount | Gooseneck Length in inches |
|--------|--------------------------------|-------------------------------|-----------------------|--------------------|-------------------------------|
| L-1 | ☼ | | Top Mnt | BNC | 6, 12, 18 |
| L-2 | ☼ | | Top Mnt | | 6, 12, 18 |
| L-8 | ☼ | | Top Mnt | TNC | 12, 18 |
| L-3 | | ☼ | Top Mnt | | 6, 12, 18 |
| L-4 | | ☼ | Top Mnt | BNC | 6, 12, 18 |
| L-7 | | ☼ | End Mnt | | 12, 18 |
| L-8-HI | | ☼ | Top Mnt | TNC | 12, 18 |

Accessories featured below include a CF color filter kit for a mood change, SC storage clips secure your Littlite in transit, a HTC high tension clip & MB magnetic base make your lampset portable. Add a GBK to any "G" series gooseneck and turn it into a complete lampset. For more information visit www.littlite.com.

Littlite Individual Gooseneck Lamps

Originally designed as a detachable task light for sound and lighting consoles, Littlite goosenecks are also an ideal choice for built-in applications. We offer our individual gooseneck lights with a variety of connectors, gooseneck lengths and light sources. Our mounting accessories facilitate custom installations just about anywhere a task light is required.

Now all Littlite X and XR series goosenecks feature our proprietary XLR style connector. The Littlite LLX connector has been designed specifically to securely capture the gooseneck in the connector and can be configured for a variety of gooseneck orientations.

| Models | Low Intensity 2.4 Watt Bulb | High Intensity 5 Watt Bulb | Connector Type | Gooseneck Length in Inches |
|---------|--------------------------------|-------------------------------|-----------------------|-------------------------------|
| T | ☼ | | TNC | 6, 12 18 |
| T-HI | | ☼ | TNC | 6, 12 18 |
| G | ☼ | | BNC | 6, 12 18 |
| G-HI | | ☼ | BNC | 6, 12 18 |
| P | ☼ | | Threaded Fitting | 6, 12 18 |
| P-HI | | ☼ | Threaded Fitting | 6, 12 18 |
| X | ☼ | | Straight XLR 3-Pin | 6, 12 18 |
| X-HI | | ☼ | Straight XLR 3-Pin | 6, 12 18 |
| X-4 | ☼ | | Straight XLR 4-Pin | 6, 12 18 |
| X-HI-4 | | ☼ | Straight XLR 4-Pin | 6, 12 18 |

| XR-HI | | ☼ | Right-Angle XLR 3-Pin | 6, 12 18 |
| XR-4 | ☼ | | Right-Angle XLR 4-Pin | 6, 12 18 |
| XR-HI-4 | | ☼ | Right-Angle XLR 4-Pin | 6, 12 18 |

Littlite LED

Littlite® lampsets and individual goosenecks are also available with our unique LED array. Littlite LED task lights feature a blend of white and red LED elements to provide a natural, even light output. Littlite LED's are rated at 10,000 hours and operate on approximately 120mA at 12-volts resulting in a durable, energy-efficient and compact task light for just about any application.

Littlite LED lampsets feature the same high-quality construction and mounting versatility as our standard lampsets and enable the user to switch between a white light output for normal operation or a red light output for low-light applications.

Littlite LED individual goosenecks are available with all our standard connectors and are compatible with most sound and lighting consoles with a 12-volt task light connector. Please visit www.littlite.com for power and polarity requirements for custom and OEM applications.

| Series | Connector Type | Light Output | Gooseneck Length in Inches |
|----------|------------------------|--------------|----------------------------|
| L-12-LED | | Red or White | 12 |
| L-18-LED | | Red or White | 18 |
| L-7-LED | | Red or White | 12, 18 |
| T | TNC | White Only | 12, 18 |
| G | BNC | White Only | 12, 18 |
| P | Threaded | White Only | 12, 18 |
| X | Straight XLR 3-Pin | White Only | 12, 18 |
| X-4 | Straight XLR 4-Pin | White Only | 12, 18 |
| XR | Right Angle XLR 3-Pin | White Only | 12, 18 |
| XR-4 | Right Angle XLR -4-Pin | White Only | 12, 18 |

Littlite Specialty Lites

MS Series – Littlite Music Stand lights employ an adjustable friction mount assembly that works on any flat-edged music stand. Sturdy metal construction, your choice of halogen or LED light and our limited lifetime warranty insures a light that will accompany you throughout your musical career.

LA Series – Our Lectern Assembly series was designed for installation applications requiring a sleek, low-profile task light. Available with our high-intensity or LED goosenecks, our LA series is a pre-wired, drop-in assembly perfect for lecterns, workstations, custom furniture and many other locations. Mounting hardware and drilling template are included.

Littlite Automotive Series

For over thirty years Littlite® has been the task light of choice in the entertainment industry. Our automotive series brings the same durability and reliability from the concert hall to your vehicle.

Our L-Series Automotive lampsets are available with 6, 12 or 18-inch goosenecks. Choose between the 5-watt halogen bulb or our energy efficient LED series. Halogen lampsets feature a full range dimmer and removable red color filter. LED models can be switched between a red or white color output. All lampsets come with mounting hardware and wiring kits.

The L-5 series features an end-mount gooseneck that lays flat when not in use. Designed for a variety of surface mount applications, the L-5 is ideal for computer mounts and mobile workstations.

The L-6 includes a 12-volt power adapter that can be powered from any 12-volt power point. Use one of our mounting accessories for a perfect light for various locations.

The L-9 series has our traditional top-mount gooseneck. Like the L-5, the 24" wiring exits the bottom of the chassis for a clean installation.

Stowlite

A handy, stowable task light, the Stowlite plugs into any 12-volt power point and provides ample lighting from the 2.4-watt incandescent lamp. The Stowlite is small enough to fit in map pockets, glove compartments and stowage bins.

| Models | Light Output | Gooseneck Length in Inches |
|---------|--------------------------|----------------------------|
| L-5 | 5-Watt Halogen | 6, 12, 18 |
| L-5-LED | Switchable Red/White LED | 12, 18 |
| L-6 | 5-Watt Halogen | 6, 12, 18 |
| L-6-LED | Switchable Red/White LED | 12, 18 |
| L-9 | 5-Watt Halogen | 6, 12, 18 |
| L-9-LED | Switchable Red/White LED | 12, 18 |

Littlite Bulb Options

LED
12-volt, 1.5 watt hard wired custom LED array. 120mA maximum with a rated life of 10,000 hours.

Q5
12-volt, 5-watt tungsten-halogen bayonet base. 420mA maximum with a rated life of 240 hours.

1815
Incandescent Bulb – 12-Volt, 2.4-watt incandescent bayonet base. 230mA with a rated life of 3000 hours.

Convert your low intensity lampset into a high intensity model with an HIC conversion kit. Includes hood, a Q5 bulb and O rings.

Littlite Raklites

The Littlite® RL series is available with your choice of one or two 12" goosenecks with 5-watt halogen bulbs, dimmer rheostat and power supply. Littlite Raklites provide illumination for an entire rack of lighting or audio equipment and enable the user to adjust illumination for patching or general rack service. The gooseneck light is recessed into a sturdy black metal E.I.A. standard 19" wide x 1.75" high rack panel. It is available in 12V, 110V, and 240 volt versions.

The Littlite RLX Raklite is a sleek black single space rack panel (1.75") equipped with two 3-pin XLR connectors ready to receive one or two X or XR detachable Littlites. The convenient dimmer enables the user to adjust the brightness of the Littlites to the desired intensity. The flexible goosenecks direct the light exactly as needed: at turntables, CD changers, audio or lighting racks. Available in 12V, 110V and 240 volt versions. (Goosenecks not included.)

Littlite Rakit

The Littlite Rakit mounts a Littlite L-series lampset in a rack without using valuable rack space. The 5.25" x 1.00" mounting bracket spans a three RU space and will not interfere with rack mounted equipment controls. The Rakit can also be used as a universal, surface mounting bracket for Littlite lampsets.

Warranty Information

LITTLITE®, LLC. Warrants to the original purchaser that Littlite® Gooseneck Lamps and Accessories are free from defects of material or workmanship under normal use and service. Modification or tampering which interferes with the normal operation of the product, abuse, misuse, or use in a manner not intended by the manufacturer invalidates the WARRANTY.

Littlite Gooseneck Lamps, Littlite LED lamps and Littlite accessories are warranted for the life of the product, with the exception of Littlite LED elements, which are warranted for two years from date of purchase, and light bulbs which are warranted only to function when purchased. Dated proof-of-purchase is required for LED element warranty service. Littlite reserves the right to modify product design and specifications without notice.

Please visit www.littlite.com for complete warranty information.
