

STOOLITE®

...we're going for a ride

Designed as a handy, stowable task light, the Stowlite® by Littlite® can be plugged into any automotive 12-volt power point when the normal interior lighting is too distracting. Plus, it's small enough to be easily tucked away in map pockets, stowage bins and glove compartments when not in use.

For over thirty years Littlite® has been the task light of choice in the entertainment industry. The Stowlite brings the same durability and reliability from the concert hall to your vehicle.

Stowlite by Littlite:

Portable, reliable, durable, stowable and affordable. We think it's a bright idea.

Features:

- ✦ Stowlite® is designed to give years of dependable service.
- ✦ Stowlite plugs into any 12-volt accessory power point.
- ✦ Small enough to fit in map pockets, stowage bins and glove compartments.
- ✦ 2.4-watt incandescent bulb.
- ✦ Limited Lifetime Warranty
